

CONTENTS OF VOLUME XXVIII, No. 6, 1934.

(All rights reserved)

	PAGE
CCLIII. The determination of lactic acid in muscle. By C. P. STEWART, J. P. DICKSON and R. GADDIE	1945
CCLIV. The presence of a kinase of amylase in trypsin preparation. By T. CHRZĄSZCZ and J. JANICKI	1949
CCLV. Fat metabolism in fishes. IV. Mobilisation of depôt fat in the salmon. By J. A. LOVERN	1955
CCLVI. Fat metabolism in fishes. V. The fat of the salmon in its young fresh-water stages. By J. A. LOVERN	1961
CCLVII. The anthelmintic constituent of the leaves of <i>Calycopteris floribunda</i> . By A. N. RATNAGIRISWARAN, K. B. SEHRA and K. VENKATARAMAN	1964
CCLVIII. Stabilisation and purification of specific anti-cancer bodies. By T. LUMSDEN and T. F. MACRAE	1968
CCLIX. The action of ascorbic acid on tumour metabolism. A preliminary note on the effects observed following injections into mice with tar-induced neoplasms. By D. L. WOODHOUSE	1974
CCLX. Glutathione. Its reaction with alkali and some <i>N</i> and <i>S</i> derivatives. By B. C. SAUNDERS	1977
CCLXI. Electrometric titration of zein and iodozein. By A. NEUBERGER. (With four figures)	1982
CCLXII. The significance of phosphatase estimations in the adult fowl. By D. W. AUCHINACHIE and A. R. G. EMSLIE. (With one figure)	1993
CCLXIII. Observations on the respiration of red blood corpuscles of normal subjects and in various forms of anaemia. By W. DEUTSCH. (With three figures)	2002
CCLXIV. The hydrocarbons of pig liver. By H. J. CHANNON, J. DEVINE and J. V. LOACH	2012
CCLXV. Choline and the "cholesterol" fatty liver. By H. J. CHANNON and H. WILKINSON	2026
CCLXVI. The combination curves, hydrogen ion regulating powers and equivalents of lactalbumin, and its non-identity with serum-albumin. By D. E. WOODS. (With one figure)	2034
CCLXVII. Is the ascorbic acid content of the suprarenals and liver under the control of the nervous system? By A. B. L. BEZNÁK and Z. HARISS	2039
CCLXVIII. The spontaneous decomposition of lecithin and its bearing on the determination of the isoelectric point. By H. FISCHGOLD and E. CHAIN. (With three figures)	2044
CCLXIX. The isoelectric points of lecithin and sphingomyelin. By E. CHAIN and I. KEMP. (With three figures)	2052
CCLXX. Clinical tests for bilirubin in urine. By E. G. GODFRIED	2056
CCLXXI. A note on peroxidase specificity. By M. DIXON	2061
CCLXXII. Studies on xanthine oxidase. XII. The oxidation of nucleosides. By M. DIXON and R. LEMBERG. (With two figures)	2065

CONTENTS

	PAGE
CCLXXIII. Chemistry of antibodies and serum-proteins. I. Nitrogen distribution and amino-acids. II. Protein carbohydrate groups. By L. F. HEWITT	2080
CCLXXIV. The excretion of copper in urine and faeces and its relation to the copper content of the diet. By S. L. TOMPSETT	2088
CCLXXV. On the action of parathormone. By H. K. GOADBY and R. S. STACEY. (With three figures)	2092
CCLXXVI. On the quantitative determination of adenine in the presence of guanine. By E. JORPES	2097
CCLXXVII. On the pentose polynucleotide of the pancreas. By E. JORPES. (With one figure)	2102
CCLXXVIII. The relationship of dermatitis in chicks to lack of vitamin B ₂ and to dietary egg-white. By J. G. LEASE and H. T. PARSONS. (With Plate XII and one figure)	2109
CCLXXIX. The hemicelluloses of the wood of English oak. II. The composition and properties of hemicellulose A, isolated from samples of wood dried under various conditions. By M. H. O'DWYER	2116
CCLXXX. The action of phenyl <i>isocyanate</i> on insulin. By S. J. HOPKINS and A. WORMALL	2125
CCLXXXI. The combination of coagulated protein particles with anions. By M. MAIZELS	2133
CCLXXXII. The transmission of vitamin A from parents to young in mammals. IV. Effect of the liver reserves of the mother on the transmission of vitamin A to the foetal and suckling rat. By W. J. DANN. (With one figure)	2141
CCLXXXIII. The determination of lignin. I. Errors introduced by the presence of certain carbohydrates. By A. G. NORMAN and S. H. JENKINS	2147
CCLXXXIV. The determination of lignin. II. Errors introduced by the presence of proteins. By A. G. NORMAN and S. H. JENKINS	2160
CCLXXXV. The relative biological efficiencies of the vitamin A and carotene of butter. By R. G. BOOTH, S. K. KON and A. E. GILLAM	2169
CCLXXXVI. Melting-points and long crystal spacings of the higher primary alcohols and <i>n</i> -fatty acids. By S. H. PIPER, A. C. CHIBNALL and E. F. WILLIAMS. (With four figures)	2175
CCLXXXVII. The constitution of the primary alcohols, fatty acids and paraffins present in plant and insect waxes. By A. C. CHIBNALL, S. H. PIPER, A. POLLARD, E. F. WILLIAMS and P. N. SAHAI	2189
CCLXXXVIII. The metabolism of plant and insect waxes. By A. C. CHIBNALL and S. H. PIPER	2209
CCLXXXIX. Blood-calcium and magnesium of the cow in health and disease. By W. M. ALLCROFT and H. H. GREEN. (With eight figures)	2220
CCXC. Glycolysis in brain tissue. By C. A. ASHFORD	2229
CCXCI. The development of the calcifying mechanism in the long bones of the rabbit. By J. S. F. NIVEN and R. ROBISON. (With Plate XIII)	2237
CCXCII. The development of the calcifying mechanism in avian cartilage and osteoid tissue. By H. B. FELL and R. ROBISON. (With Plates XIV-XVI)	2243
CCXCIII. Vitamin A determination: relation between the biological, chemical and physical methods of test. By K. C. LATHBURY. (With five figures)	2254
INDEX	2265
