

CONTENTS OF VOLUME 34, No. 1, 1940

(All rights reserved)

	PAGE
1. The nature of sugar in the milk and the carbohydrate metabolism of lactating diabetic women. By K. M. DAoud	1
2. The fixation of CO ₂ by cell suspensions of <i>Propionibacterium pentosaceum</i> . By H. G. WOOD and C. H. WERKMAN	7
3. The effect of some saturated fatty acids on the respiration of bakers' yeast. By E. S. COOK and M. N. MORGAN. (With three figures)	15
4. Observations on the <i>in vitro</i> synthesis of adrenaline under physiological conditions. By J. DEVINE	21
5. On the biological significance of the tocopherols (vitamin E). By M. D. WRIGHT and J. C. DRUMMOND	32
6. The fate of tocopherols in the animal body. By W. F. J. CUTHBERTSON, R. R. RIDGEWAY and J. C. DRUMMOND. (With four figures)	34
7. The influence of prolonged starvation on the composition of pig depot fats. By T. P. HILDITCH and W. H. PEDELTY	40
8. Studies in detoxication. 4. The resolution of <i>dl</i> -isomenthol through its conjugation with glucuronic acid in the rabbit. By R. T. WILLIAMS	48
9. The inactivation of oestrone. By W. W. WESTERFELD	51
10. The ineffectiveness of oestrogens in preventing polyneuritis. By W. W. WESTERFELD	59
11. The photochemical decomposition of <i>l</i> -ascorbic acid. II. By C. L. ARCUS and S. S. ZILVA. (With two figures).	61
12. The colouring matters of <i>Penicillium carmino-violaceum</i> Biourge, with a note on the production of ergosterol by this mould. By H. G. HIND	67
13. The estimation of barbiturates in blood. By G. A. LEVY. (With one figure)	73
14. Porphyrinuric action of 2-(<i>p</i> -aminobenzenesulphonamido)pyridine (M and B 693). Comparison with sulphanilamide. By C. RIMINGTON	78
15. Biochemistry of the wood-rotting fungi. 1. Metabolic products of <i>Lentinus lepideus</i> Fr. By J. H. BIRKINSHAW and W. P. K. FINDLAY	82
16. Histidine detection and estimation in urine. By E. RACKER. (With three figures)	89
17. The effect of acute magnesium deficiency on bone formation in rats. By J. DUCKWORTH, W. GODDEN and G. McM. WARNOCK. (With one figure)	97
18. A note on the possible relationship of the carbohydrate component of proteins to their antigenic properties. By A. NEUBERGER and M. E. YUILL	109
19. Observations on the structure of the barium salt of heparin. By A. F. CHARLES and A. R. TODD.	112
20. The specificity of diaphorase (coenzyme factor). By E. P. ABRAHAM and E. ADLER. (With seven figures)	119
