CONTENTS OF VOLUME 34, NO. 4, 1940

(All rights reserved)

57. Glycolysis in cell-free extracts of brain. By A. GEIGER. (With nine figures) 465

58. Crystalline lactic dehydrogenase from heart muscle. By F. B. STRAUB. (With Plate 1) 483

59. Immunological differences of crystalline Bence-Jones proteins. By L. HEKTOEN and W. H. WELKER 487

60. The urinary excretion of mandelic acid administered intravenously to cats. By R. C. GARRY and I. A. SMITH. (With one figure) 490

61. The fermentation process in tea manufacture. 5. Cytochrome oxidase and its probable role. 6. The effect of dilution on the rate and extent of oxidations in fermenting tea leaf suspensions. By E. A. H. ROBERTS. (With six figures) 500

62. Enzyme systems in articular cartilage. By C. LUTWAK-MANN 517

63. Studies in detoxication. 6. Ethereal sulphate formation in the rabbit after administration of sulphanilamide. By J. SHELSWELL and R. T. WILLIAMS. (With one figure) 528

64. Rate of rejuvenation of the skeleton. By G. CH. HEVESY, H. B. LEVI and O. H. REBBE. (With two figures) 532

65. The determination of vitamin D in food substances containing phosphorus. By K. H. COWARD and E. W. KASSNER 538

66. Investigations into vitamin A-free basal diets. III. By A. L. BACHARACH. (With two figures) 542

67. Adrenaline hyperglycaemia. By M. LEE and D. RICHTER. (With four figures) 551

68. Glycolysis in retinal extracts. By M. KERLY and M. C. BOURNE. (With one figure) 563

69. The constitution of carviol: a colouring matter of Penicillium carminoviolaceum Biourge. By H. G. HIND 577

70. Relation of skin lesions in the rat to deficiency in the diet of different B4 vitamins. By H. CHICK, T. F. MACRAE and A. N. WORDEN. (With Plate 2 and three figures) 580

71. Occurrence of fits of an epileptiform nature in rats maintained for long periods on a diet deprived of vitamin B6. By H. CHICK, M. M. EL SADR and A. N. WORDEN 595

73. Studies on diffusing factors. 4. The mode of action of diffusing factors. By M. G. EVANS and J. MADINA VEITIA. (With seven figures) 613

[P.T.O.]
CONTENTS

74. Studies on diffusing factors. 5. Separation of the diffusing factor from the proteolytic enzymes present in culture filtrates of Clostridium Welchii. By J. Madinaveitia

PAGE 621

75. Studies on diffusing factors. 6. The action of testicular extracts on the viscosity of vitreous humour preparations. By J. Madinaveitia and T. H. H. Quibell. (With three figures)
