A micro method for separating free and esterified vitamin A. By E. Eden ...

Hydrolysis and esterification of vitamin A during absorption. By E. Eden and K. C. Sellers ...

The metabolism of sulphapyridine containing radioactive sulphur in the rabbit. By H. G. Bray, G. E. Francis, F. C. Neale and W. V. Thorpe ...

The fate of certain organic acids and amides in the rabbit. 10. The application of paper chromatography to metabolic studies of hydroxybenzoic acids and amides. By H. G. Bray, W. V. Thorpe and K. White ...

Metabolism of derivatives of toluene. 4. Cresols. By H. G. Bray, W. V. Thorpe and K. White ...

Further observations on changes in β-glucuronidase activity in the mouse. By L. M. H. Kerr, J. G. Campbell and G. A. Levy ...

Urinary excretion of pregnanediol in human subjects following the administration of progesterone and of pregnane-3α:20x-diol. 1. By I. F. Sommerville and G. F. Marrian. (With two figures) ...

Urinary excretion of pregnanediol in human subjects following the administration of progesterone and of pregnane-3α:20x-diol. 2. By I. F. Sommerville and G. F. Marrian. (With six figures) ...

Some properties of acridane and 2-chloro-7-methoxyacridane; their possible relationship to excretion products of mepacrine. By A. L. Tärnoky. (With two figures) ...

The effect of oxygen and of cocarboxylase on the formation of citrate and α-ketoglutarate by pigeon brain homogenates. By R. V. Coxon and R. A. Peters ...

The reactivity of the iminazole ring in proteins. By R. R. Porter ...

Studies on the synthesis of lactose by the mammary gland. I. Precursors. By F. H. Malfress and A. B. Morrison ...

The valences of protein ions from electrophoretic and membrane potential measurements. By P. A. Charlwood. (With five figures) ...

The selective hydrolysis of amylopectin and amylose by β-amylase. By R. H. Hopkins and B. K. Jha. (With two figures) ...

On the mechanism of secretion of ions by gastric mucosa and by other tissues. By R. E. Davies and A. G. Ogston. (With four figures) ...

Displacement chromatography on synthetic ion-exchange resins. 5. Separation of the basic amino-acids. By S. M. Partridge, R. C. Brimley and K. W. Pepper. (With four figures) ...

Water-miscible solvents in the separation of amino-acids by paper chromatography. By H. R. Bentley and J. K. Whitehead. (With two figures) ...

The distribution of cholinesterase types in mammalian tissues. By M. G. Ord and R. H. S. Thompson ...

The virulence-enhancing factor of mucins. 1. A biological assay of virulence-enhancing activity. By H. Smith ...

The virulence-enhancing factor of mucins. 2. Fractionation studies on hog gastric mucin. By H. Smith ...

On the state of hyaluronic acid in synovial fluid. By A. G. Ogston and J. E. Stanier. (With eleven figures)
